## Information about the Live-in Aide (LIA) Process

**For the purposes of the Section 8 program, the definition of a live-in aide (LIA) is as follows:**

- A person who is in the home only under an employment arrangement as a caregiver.
- A LIA is not a person who would ordinarily live in the home.
- A LIA must live in the home to provide care during the nighttime (sleeping hours), receive their mail to that home, and consider that address their own address.
- A LIA is not obligated for the voucher holder's financial support and cannot be charged rent or required to pay any amount to the voucher holder in exchange for living in the unit.

**A LIA cannot be approved for comfort or companionship only.** Their income is not included into the total household income. The LIA can work outside of the home during the daytime. The LIA has no rights to the voucher or any other housing assistance at any time.

**The household will be provided one additional bedroom for the LIA** and any family members that may reside with the LIA. If the LIA has additional family members they will only be approved if their presence in the unit does not create overcrowding.

**Please be aware that the following persons are not permitted to be categorized as a live-in aide:**

- A current or prior member of the voucher assisted family.
- A spouse, significant other, life partner, girlfriend/boyfriend, domestic partner, etc., of the person requesting the LIA.
- A person that the landlord will not permit to move into your unit.
- A person that is not authorized by the Housing Authority to move into the unit
- A person under the age of 18.

**All LIAs must go through the regular HUD screening process** which includes the completion of a criminal background check and fingerprinting through the FBI Live Scan system.

**If the request for a LIA is approved** the voucher holder will be notified by mail regarding the next steps in the process to add a LIA to the voucher. Those steps include:

- Written notification from the voucher holder to the Housing Authority that a suitable LIA has been found.
- Documentation showing that your landlord approves this person to move in.
- Attendance at an appointment scheduled by the Housing Authority for both the voucher holder and the LIA.

**At that appointment:**

- The LIA will be required to provide identification documentation (photo and social security card) and go through the HUD screening process (FBI Live Scan system), mentioned above.
- The voucher holder and LIA will be required to sign the Agreement between the Housing Authority the Head of Household and the Live-in Aide form.
- Any other documentation requested to complete the process will be provided. Typically, this would be documentation pertaining to other family members of the live-in aide who would be moving in with the live-in aide.

**Regardless of the voucher holder's circumstances, the voucher size will not be adjusted** unless and until the process described above has been completed.

- For voucher holders who are not housed but are searching for housing, the voucher size and subsidy standard will be adjusted once the LIA has been added to the voucher.
- For voucher holders already living in a unit large enough to provide a bedroom to the live-in aide without transferring to a larger unit, the voucher will be adjusted the 1<sup>st</sup> day of the month following completion of the process described here.
- For voucher holders who transfer to a larger unit so they are able to provide a room for the LIA, the voucher size will be adjusted once the LIA has been added to the household and the voucher has been transferred to a larger unit.
- For voucher holders who will not be transferring to a larger unit, the LIA will be added and the voucher size and subsidy standard will remain unchanged. If they then transfer to a larger unit, the voucher size and subsidy standard will be increased at the time of the transfer.
- For voucher holders who have added a live-in aide, are in a larger unit, have had their live-in aide move-out and do not hire a new live-in aide, their voucher size and subsidy standard will be adjusted down at the next transfer or annual review.
