Get an extra ticket if you bring a guest!

Housing for Health Partnership, the Housing Authority of the County of Santa Cruz, and Abode Services are partnering to honor and appreciate property owners and managers who help to ensure all county residents have stable, safe, and healthy places to live. From accepting tenants with housing vouchers, to master leasing properties to community-based organizations, to hosting youth without stable homes, many property owners and managers are making a difference in our community.

This event will honor their work and provide information to others interested in getting more involved in addressing housing insecurity in our community.

If you own or manage property and are involved in supporting nonprofit or public programs or want to learn how to get more involved, please join us for this event.

Contact the Housing for Health Partnership for more information:
